It's a beautiful day in the Neighborhood

What is a Moreau Neighborhood?

As a means of enriching the integration of your intellectual, extracurricular, and residential experiences, you must register for a Moreau FYE section that corresponds to your housing assignment. We call the result of this process the "Moreau Neighborhoods."

This registration procedure ensures that your Moreau section will include classmates from your own residential community and residential communities in close proximity to your own.

This intentional blend of your intellectual and residential communities seeks to help you find a sense of belonging on campus and integrate the curricular and co-curricular facets of your personal development.
